TRUSTEES' MEETING

BOARD TRANSACTS ROUTINE BUSINESS IN REGULAR WEEKLY SESSION

The Board of Trustees met in regular session at the City Hall, August 16, 1917, at 8:00 p. m.

Present at roll call: Grist, Jackson, Muhleman, Woodberry.

Absent: Thompson.

The minutes of the last regular meeting and of the adjourned meeting of August 13th, were read and approved.

In the absence of the Chairman of the Board, Trustee Grist was appointed president pro tem.

On motion of Trustee Muhleman, it was ordered that the bids for supplying a motorcycle be opened, read and publicly declared.

Bids were presenetd and on motion of Trustee Jackson, referred to the City Manager for recommendation.

A communication was read from Mrs. Mary Gridley Braly withdrawing her name from the petition requesting the city to proceed with the improvement of Milford street between Central avenue and Brand boulevard. On motion of Trustee Muhleman, the same was ordered to be filed.

A communication was read from Mrs. Ruth E. Snively requesting that she be granted exemption from taxation as a soldier's widow under the State Law, and further requesting that tax sales certificates Numbers 2059 and 2060 be canceled. On motion of Trustee Muhleman, the communication was referred to the City Attorney.

A communication was received from the County Auditor giving the assessed valuation for the City of Glendale for the year 1917-1918 as shown by the assessment roll of the county—the total assessed valuation being $6,094,815. The communication was ordered to be filed.

A communication was presented and read from the Railroad Commission of the State of California quoting Section 16 of Chapter 218 of the laws of 1917, and in connection with the same stated that during the past eighteen months, the Railroad Commission has investigated all the grade crossings in the state and recommends the use of a sign similar to that required by the law.

The communication was accompanied by a cut showing the style of the sign required, with specifications.

The City Manager made a report in connection with this communication, stating that Mr. H. V. Johnson, Assistant Engineer of the Railroad Commission, had visited Glendale in January last and made recommendation as to the installation of warning signs, and that a communication had been received on March 16th from Mr. Detrich of the Commission recommending that warning signs be placed at crossing over the Pacific Electric Burbank line at Pacific Avenue. All of the signs recommended by these two officials have been installed by the City, and it is the belief of the City Manager that it is not necessary to take any further action at this time. On motion of Trustee Woodberry, the communication was received and the recommendation of the City Manager adopted.

An application was received from Geo. R. Butler for permit to sell milk, which having the approval of the

(Continued on Page 4)

CHARLES LETTS COMMISSIONED

Mr. and Mrs. Charles J. Letts of 1410 West First street are just in receipt of a document which they prize very highly. This is the commission appointing their son, Charles W. Letts, corporal of Co. M, 44th U. S. Infantry. Charles has been at Vancouver Barracks, Wash., for a year. He spent six months in the recruiting station at Portland. Charles writes his parents that he is very proud to be in the active service of Uncle Sam. His friends and former schoolmates in Glendale will be gratified to hear of the honor that has come to this Glendale lad.

KENTUCKIANS WILL ENJOY PICNIC REUNION

The former residents of the Blue Grass State have arranged for a reunion of all who ever lived in that famous section, to be held in Sycamore Grove, Los Angeles, Saturday afternoon, August 25th, with basket picnic dinners at four o'clock. Each one should bring dinner, cup and spoon, but coffee will be provided. The program will probably follow the dinner and among the speakers will be Hon. H. G. Redwine and Mr. John Steeley. Patriotic songs will be interspersed. This is an open invitation to all who ever lived in the state to attend and to invite others from Kentucky.

ENCAMPMENT CLOSES

MEMBERS OF N. P. BANKS POST RETURN FROM HUNTINGTON BEACH

Thursday evening marked the closing of Camp Frank Hobart, one of the most successful encampments of the Grand Army of the Republic ever held at Huntington Beach. The attendance was fine, the programs were excellent and no sickness or accident marred the occasion.

The members of N. P. Banks Post No. 170 have taken an active part in all activities of the encampment, and gave one of the finest programs of the year. Rev. C. R. Norton, who has been chaplain for the past four years, preached one of the best sermons ever heard on the camp ground. Mr. Norton was urged to accept reappointment to the office of chaplain which he has so successfully filled for four years, but declined, wishing to give the honor to some one else.

The attendance from the Post was large. T. M. Barrett of N. P. Banks Post was elected senior vice commander. Other officers elected for the ensuing year are: Thos. Hull, Stanton Post, Los Angeles, Commander, and Thos. Galbraith, of the Spanish War Veterans, Junior Vice Commander. The following members of the Post were in attendance at the encampment, returning Thursday evening: Thomas Gillett, J. J. Weiler, J. S. Kenyon, J. H. Jordan, W. D. Pratt, C. H. Clark, T. M. Barrett, C. R. Norton, T. A. Robinson, H. C. Toman, N. H. Hammond, B. F. Patterson, O. H. Jones, R. D. Goss, J. H. Henry, R. Taylor, U. H. Emick, B. F. Jones, Wm. Watson, G. W. Sanford, T. D. Kanouse, A. Dufer, A. O. Kendall, J. E. Kendall, I. J. Spafford, H. S. West, Wm. Young, A. Sherman, W. Collins.

The ladies of the W. R. C. who were in attendance were Mrs. Susie Peck, Mrs. Delia Hapgood, Mrs. Kizzie Sterling, Mrs. Margaret Hibbert, Mrs. Myra K. Shuey, Mrs. Marilla Pratt, Mrs. Mary L. Copeland, Mrs. Nina West, Mrs. Elizabeth Spafford, Mrs. Abbie Haskell, Mrs. Winona Crawford, Mrs. Juliana Hayes, Mrs. Emick, Mrs. Margaret Sanford, Mrs. Lucy Dupuis.

Mrs. Susie Peck was elected Junior Vice of the Auxiliary of the Southern California Veterans' Association.

Comrade Barrett furnishes the following resume of the encampment.

The 30th annual encampment of the S. C. V. A. closed Thursday night and from first to last it has been a most delightful occasion. The entertainments given by the various Posts and Corps was of a high order and I wish to make special mention of that given by the United Spanish War Veterans, assisted by the students of the Wallace School of Art. The election of officers for the ensuing year passed off very harmoniously and the following comrades were elected: T. C. Hull, Commander, T. M. Barrett, S. V. C.; Tob Galbraith, Jr. V. C.; Chaplain, A. B. Markle; D. W. Harrison, Surgeon. The Auxiliary elected Mrs. Mary McCain President, Mrs. Jennie Gilliland S. V., and Mrs. Susie Peck, Jr. Vice.

Five hundred veterans and as many of their wives and friends were served on "Bean Day." There were more than 850 names on the Great Register.

N. P. Banks Post and Corps feel highly honored, inasmuch as they have been given three very prominent positions among the officials of the association, Comrade C. H. Clark having been appointed Sergeant Major on the Commander's staff. The closing scenes were very touching indeed. After the officers were installed those present joined hands and formed a great circle around the auditorium, singing "God be with you till we meet again," after which the Chaplain pronounced the benediction which closed one of the most delightful encampments we have ever had.

NEWS FROM CO. 21

Donald Packer writes his father that the Coast Artillery arrived at Lower Reserve Camp at San Pedro on Tuesday. They are now taking their physical examination by the army surgeons and will then be inoculated against typhus, small pox, etc. The 21st Company, which comprises the Glendale boys, has been chosen to guard Dead Man's Island, which is really a look-out for the Fort Barracks, which have recently been built there, and the boys feel quite happy in having the 21st Co. chosen to fill this important post.

TO-MORROW'S DRAFT

On page 2 of this issue will be found a list of the names of the drafted men who will appear before the exemption board for examination to-morrow.

RECONSIDER EXEMPTION CONDITIONS

PRESIDENT TO CONFER WITH WAR DEPARTMENT IN REGARD TO GRANTING EXEMPTION TO MARRIED MEN

(Special Service to Glendale Evening News)

WASHINGTON, August 17.—The president wrote Senator Weeks this afternoon that he would again take up with the war department the question of exempting married men with families from the selective draft. Wilson's letter was in reply to one from Weeks calling attention to the great dissatisfaction throughout the country on this point.

SOCIALISM FAILS IN RUSSIA

NEW REPUBLIC WILL BE BUILT ON CONSERVATIVE LINES KORNILOFF BELIEVES IN HIS ARMY

(Special Service to Glendale Evening News)

MOSCOW, August 17.—Socialism is a failure in Russia. Premier Kerensky recognizes this fact and the great conference here August 23 will mark the end of the pan-socialistic rule in Russia and the entrance of a new element of conservatism in finance and commerce. The republic is to be built along conservative lines. This is inevitable. Gen. Korniloff expressed new confidence in his army and expects its complete regeneration.

FEDERATION OF ANGLO-SAXONS

LORD NORTHCLIFFE FAVORS A FEDERATION OF ALL ENGLISH-SPEAKING PEOPLE AFTER WAR

(Special Service to Glendale Evening News)

NEW YORK, August 17.—A federation of English-speaking races for mutual protection "if Prussian absolutism remains intact after this war," is regarded as a possibility by Lord Northcliffe. "They are joined together by the cement of necessity," he said.

CANADIANS HOLD HILL NO. 10

GERMAN TROOPS HEAVY LOSERS IN ATTEMPT TO RECAPTURE IMPORTANT POSITIONS

(Special Service to Glendale Evening News)

WITH THE BRITISH ARMIES IN THE FIELD, August 17.—Hill No. 10 ran red this afternoon with blood which the German division sacrificed in repeated efforts to recapture this dominating height and to hold ground won earlier in counter attacks. This was later wrested from them by the Canadians. The Canadians now hold all original positions taken in the first attack on Lens. Cite St. Auguste was retaken by the Canadians.

REDUCE ALCOHOL CONTENT OF BEER

FOOD ADMINISTRATOR HOOVER EXPECTED TO TAKE IMPORTANT STEP IN CONSERVING GRAIN

(Special Service to Glendale Evening News)

WASHINGTON, August 17.—To save 35,000,000 bushels of grain, Food Administrator Hoover is expected soon to order a reduction of from 3½ and 4 per cent. alcohol in beer to 2 per cent.

DEFENSE COUNCIL NEAR COLLAPSE

BUSINESS MEMBERS OF COMMITTEE RESIGN BECAUSE THEY CANNOT SELL TO GOVERNMENT

WASHINGTON, August 17.—Many business representatives on the defense council subordinate committee are on the verge of resigning because of a rider attached to the food law which prohibits them selling their own goods to the government. It is rumored that the entire committee has already resigned, but so critical is the situation that officials refuse to talk. The upheaval reaches to the new war industry board and to the White House. President Wilson may be forced to step in to save the entire committee from collapse.

BRITISH IN AIR RAID

MANY TONS OF EXPLOSIVES USED IN BOMBING GERMAN BASES AND AERDROMES TO-DAY

(Special Service to Glendale Evening News)

LONDON, August 17.—Many tons of explosives were dropped on enemy aerdromes and railroad stations to-day by British naval planes. Several fires followed the raid on Ostend. The Engle aerdrome was bombed and road transports attacked from the air by British fliers.

GERMAN ATTACKS FURIOUS

BRITISH ARE PRESSED BACK SLIGHTLY NEAR LOOS AS RESULT OF CONTINUED COUNTERS

(Special Service to Glendale Evening News)

LONDON, August 17.—Continued German counter attacks of unusual fury have resulted in the British being pressed back slightly east of Loos.

MEN BEFORE BOARD

EXEMPTION BOARD IN SEVENTH DISTRICT AT WORK IN GLENDALE TO-DAY

The B division of the 270 men called in the second draft in the 7th exemption district of Los Angeles county, assembled in the Chamber of Commerce room at 1010 West Broadway, Glendale, this forenoon at 9 o'clock. The exemption board, comprising Messrs. John T. Wilson of San Fernando, Mattison B. Jones of Glendale, F. D. Lanterman of La Canada, were all present, as was also Robert L. Frazier of San Fernando, clerk of the board. The full corps of examining physicians were on duty.

The young men who reported to take the examination are from the best families in Glendale, Tropico, Casa Verdugo, Eagle Rock, La Canada and other adjacent territory. Many of the men who came from points outside of Glendale drove here in their touring cars and patiently awaited their turn to take the physical examination.

When the fact is recalled that drafted men are coming together in almost 5000 places in the United States, just as they are in Glendale, we are reminded that the selective draft is a big affair, and the young man who is chosen to enter the service of his country has many comrades who are asked to perform a like duty.

The examination showed the physical condition in a number of instances to be rather low, and resulted in a corresponding number of rejections, while exemptions were claimed by more than half.

Among those who appeared before the board was Edward Stockett, colored, black as the ace of spades, who had been rejected by a physician, but was accepted by the board. Mr. Stockett may be hard to see on the front in a night attack; but however that may be, as he left the room he looked as though he felt that democracy now is safe.

Up to the time of going to press those who had been rejected were Max Hartford, W. T. Reynolds, R. C. Proctor, A. H. H. Bartlett.

Those re-examined were Benjamin W. Shipman, who failed, and Norman Nash Badger, who filed a claim for exemption.

The transfers were Lloyd A. Peet from Acton, Cal., Joseph W. Vance, Jr., from Local 3, Barstow, San Bernardino county and Ronald Uren Robinson, from Local 13, Penn.

The three aliens, Frank Plasshal, Joseph Bamo and Charles Takayamu, claimed exemption.

O. L. Dibbern, M. A. Sunkes, J. A. Lehman, Frank Kyle, George I. Nollenberger, James Jensen, Carl D. Engle, Lloyd E. Smith, Earl A. Garren, C. J. Rittenhouse, R. S. Wright, Wm. Blakemon, Adolph T. Hoffman all filed claims for exemption.

The A division of the 270 men drafted in the 7th exemption district appeared before the board at San Fernando Thursday, with the following results:

Did not pass physical examination	18
Accepted; filed no claim	17
Accepted; filed claims for discharge	22
Accepted; filed claim for exemption	1
Aliens, not accepted	13

COMPLIMENT TEACHER

Mr. and Mrs. W. J. Clendenin were the guests on Thursday evening of Mr. Clendenin's Sunday School calss. The members of the class gathered at the home of Rev. and Mrs. F. A. Field to surprise their teacher, who has recently returned from several months' stay in Baltimore. It was a class affair. Mrs. Sloan, one of the members, brought for decoration a bouquet of beautiful roses from her garden, the Sunburst, General McArthur and the Los Angeles rose. Other decorations were carnations, centurias and greenery.

A very pleasant evening was spent in games and music. Miss Bessie Field sang in Spanish and also told of several Spanish customs. The home-made cake and delicious ice cream were a treat that all enjoyed. The evening was closed by prayer, offered by the pastor, Rev. W. E. Edmonds.

The members of the class who enjoyed the evening were Mr. and Mrs. L. McCurdy, Mr. and Mrs. John McIver, Mr. and Mrs. R. P. Isitt, Mrs. O. Portlock, Mr. A. Wm. Portlock, Mrs. F. H. Dickman, Mrs. A. McCloud, Mrs. M. L. Sloan and the Rev. and Mrs. W. E. Edmonds.

ADDITIONAL DRAFT

From present indications it would seem that it may be necessary for the exemption board of the 7th district to make a third draft to get 125 men, the quota for this district.

STUDIES AERONAUTICS

FRANK MOSHER ENTERS MASSACHUSETTS INSTITUTE OF TECHNOLOGY

Frank R. Mosher of 319 South Central avenue, Glendale, Cal., registered August 13 at the Massachusetts Institute of Technology, Boston, for special work in naval aeronautics, a government school which has just been opened at the Institute. Mr. Mosher is one of fifty naval cadets in his group, other groups of equal size being due to register each week for about six weeks, as assigned by the Navy.

The courses will extend over eight weeks under the Naval and Technology instructors, and will include naval specialties and work in mechanical and naval engineering. The former will include Navy regulations, navigation, seamanship, and boat drill under Lieutenant McKetterick and his petty naval officers, while the infantry drill, signalling and mechanical work will be under the Technology men.

The commanding officer of the school is Lieut. E. H. McKitterick, U. S. N., and his petty officers are E. E. Reber, chief boatswain's mate; W. E. Carlton and A. Ward, chief gunner's mates; and J. M. Bennett, chief quartermaster's mate. The academic faculty is headed by Prof. C. H. Peabody, director of the department of Naval Architecture at Tech. The military training including evolutions and drill on Tech's superb athletic field, is under the charge of Leicester F. Hamilton, '14, assistant in Military Science at the Institute and cadet captain Harold E. Collins, '17, who has been in company command in the military camp of the juniors now just closed. The calis-

(Continued on Page 3)

SUCCESSFUL FISHING TRIP

Mr. and Mrs. S. B. Jones and family, of 1543 West Seventh street, accompanied by Walter Jones, Mrs. Emma Batz, 1506 West Vine street, and Mrs. J. P. McMillan and two sons, of Boyle Heights, motored to Long Beach on Monday. Leaving the rest of the party at that popular resort, S. B. Jones and son, William, and Walter Jones motored on to San Pedro, where they rented a boat and spent the afternoon fishing.

The fishing far exceeded their greatest expectations. From 1:30 until 6 o'clock p. m. the fishermen were busily engaged in removing the fish, which took the hooks two and three at a time.

One hundred and forty-three mackerel were caught in a little over four hours, the catch weighing over a hundred pounds. Three of the fish weighed nearly four pounds each. All the friends of the successful fishermen were well supplied with a dozen or more fish. The party are planning another trip for next Monday.

ANTI-ANNEXATION REPORT

(Contributed)

The Anti-Annexation Association, of Tropico, is rapidly gathering in units. The association roster shows an unlocked-for increase in members; and a careful canvass of Tropico voters during the past ten days shows that 517 will vote against annexation to Los Angeles, while 93 have declared themselves for it; 67 were noncommittal.

The association holds regular weekly meetings and has arranged for mass meetings in the near future. Speakers from Los Angeles who are familiar with the merits and demerits of annexation will speak on the subject.

All members are particularly optimistic and, while the feeling is that annexation to Los Angeles will be defeated, as it has been on several occasions in the past, the association will not relax in the campaign efforts. Many of the members regard the campaign as a really educational one and one that places before the voters many of the inside methods employed in the administration of large cities where the great populations lose interest in civic affairs to the detriment of their own progress.

A. S. CHASE MAKES BIG CATCH

Mr. and Mrs. O. E. Von Oven, Mr. and Mrs. A. S. Chase and family, Mrs. Stephen C. Packer and daughter Doris, Mr. and Mrs. E. S. Shank and Mr. and Mrs. Hodge of Riverdale drive, Glendale, are spending the week at Catalina. The men folks of the party were out deep-sea fishing Tuesday and Mr. Chase landed a tuna weighing 114 pounds, one of the largest caught this season. Being an old sportsman, Mr. Chase safely landed his prize after some scrap.

BUTTONS AND PATRIOTISM

"What's the matter with your people?" asked a stranger in the city. "I rode downtown this morning with a car full of men, and how many patriotic buttons do you suppose I counted in that car? There were just four on coat lapels. And one was mine. Aren't you people patriotic?"

This visitor was suffering from a not common delusion, which leads superficial observers to gauge patriotism by the visible evidences of it. If he had counted the "patriotic buttons" on coat lapels a month or two ago, he would have raised no question of local patriotism. Nearly everybody wore the national colors then in some form or other. But that was a passing phase. The sentiment those little buttons and flags stood for at the moment has grown until all visible representations of it seem petty and inadequate. People whose hearts throb with loyalty feel little need of wearing buttons or talking about their patriotism.—Whittier News.

WHERE HEAVEN IS

(By Vinton A. Holbrook)

Are you waiting to enter Heaven
When earth's weary curtains drop?
Why Heaven is here—yes, even
In the cottage or in the shop.

It's not in some mystic valley,
Far off on a distant star,
But is right in your street or alley—
If wisdom and goodness are.

In the heart that is full of gladness,
Where conscience with kindness blends,
Where smiles take the place of sadness,
Not off where the rainbow ends.

Not bye and bye over yonder,
But here doth the kingdom dwell,
And this let us pause and ponder—
Love's Heaven, and hate is Hell!

For the law of rewarding merit,
Of reaping whate'er we sow,
Must apply in the land of spirit,
As surely as here below.

You foreign-born love your native land, but fight for your adopted country. In this war we are like a business concern: every one of us must attend to the business of making our concern the winner. No time for dilly-dallying; every man must do his part and the concern will succeed.

The gun-toters in private life are the last to volunteer.

Quite a curiosity in a humming bird's nest was found in the E. B. Mitchell's peach orchard. A small Foster and a short twig, much spider web and leaves were utilized by the tiny parents in their home, which measured one inch in the rear of the nest, half inch in front and one-quarter inch in length. It holds two tiny eggs. It will be persented to the Los Angeles Chamber of Commerce. —Lankershim Laconic.

AND THEN SHE GOT HOT

Her first story had been in the magazine editor's hands for weeks without being returned or published, so she wrote him curtly: "Please print my story or return it, as I have other irons in the fire."

Her manuscript was returned with this brief comment: "We have read your story, and advise you to put it with the other irons."

THRIFT

Is ability to do—to earn; and earning to save. The man who applies himself to a definite end, and is honest in his application—saves money as a natural sequence.

Whoever Brings Finds the Door Open for Him

If you should ask your banker to lend you money, his first question will be: "Have you any of your own?"

If you can't take care of your money, what assurance has he that you will judiciously use the money he lends you?

We invite your deposits and have money to loan.

Personals

Geo. Claver, 125 North Kenwood street, who has been spending the last ten days in Fresno, is expected home Saturday.

Mrs. H. C. Ray, 1541 West Broadway, returned home yesterday from Lankershim, where she has been visiting friends for the past week.

Dolliver Webb, 1316 Milford St., and William Cronin, 1501 Milford street, left Friday for a week's outing at Catalina Island.

Mr. and Mrs. A. J. Haines will entertain Miss Vaida Bartle of Los Angeles as their dinner guest Friday evening at their home, 1450 West Fifth street.

Mrs. H. T. Rutter, 1613 Vine street, will spend a week visiting her brother at Coronada. Her little son Alfred will visit friends in Venice during her absence.

Mr. and Mrs. J. S. Hayward, 1528 West First street, will be the weekend guests of Mr. and Mrs. Chas. Carver of South Pasadena at their cottage at Balboa Beach.

Miss Elizabeth Paul, 800 West Eighth street, will leave the first of next week for San Luis Obispo, where she will visit some weeks, returning in time for the fall opening of school.

Mrs. J. W. Railsback, 1615 West Seventh street, reports that her husband, J. W. Railsback, who is stationed at Exposition Park, San Diego, has been on the sick list the past week.

Mrs. Harry L. Greenwalt is slowly convalescing from an attack of sciatic rheumatism, which has been of some weeks' duration. Her friends sincerely hope that she will soon be able to resume her usual activities.

The many friends of J. C. Barnett are glad to see him out again without his crutches. Mr. Barnett is just recovering from an operation for a broken leg, which was performed last November.

Mrs. Helen Adamson, 525 Kenwood street, is enjoying a week's outing at Ocean Park with the W. H. Ginn family. Mr. Ginn and family are former residents of Glendale, living on Orange street, but are now located in Fresno.

Miss Rebecca E. Gregg of 206 S. Central will join a large party of students from Los Angeles, Hollywood and Pasadena, who leave Saturday night on the Owl to resume their studies at the State University at Berkeley.

Miss Martha Eilers of 333 South Adams entertained the young ladies who are members of the F. K. Q. club very delightfully Thursday afternoon. The afternoon was spent in games and light refreshments were served by the young hostess. Those enjoying this pleasant afternoon were Miss Margaret West, Miss Louise Hoyt, Miss Elizabeth Edmonds, Miss Agnes Tupper, and the hostess, Miss Martha Eilers.

Mr. and Mrs. John A. Quackenbush and daughter Evangeline will join Mrs. Nettie Spharr, Miss Alfretta Spharr and Walter Midcalf, all of Los Angles, in an outing which they will spend up on the aqueduct in the mountains above Newhall.

Mr. and Mrs. Samuel Galbraith have been entertaining Mr. Galbraith's brother, W. C. Galbraith, and son, Wm. Galbraith, of San Francisco. W. C. Galbraith is superintendent of Hales in San Francisco, but is thinking of locating in Los Angeles. William Galbraith has been called for the army, and this visit is somewhat in the nature of a farewell.

Rev. W. E. Edmonds and family, Mr. and Mrs. C. C. Widney and family, and Mr. and Mrs. M. P. Harrison composed a party which motored over to Highland Park Thursday afternoon to visit Mrs. Helen Smith Gammon. Mrs. Gammon is the missionary to whose work in the missionary field in China, the Presbyterian church of Glendale is contributing, and the visit was one of farewell, as Mrs. Gammon returns to China next week. Later the party motored to Eagle Rock Park, where a picnic supper was enjoyed.

SNUDDENS RETURN

Rev. and Mrs. B. Dudley Snudden returned Thursday from a month's outing spent on the rocky coast of Laguna Beach. They report a most enjoyable time at that quiet and restful resort. The scenery at this point is magnificent in its ruggedness and the beach is a favorite subject of a number of California artists.

Mr. Snudden will occupy his pulpit at the First Methodist Church both morning and evening. An address on the life and career of David Livingston, illustrated by some magnicent stereopticon views, will be given at the evening service.

SOFT DRINKS

One of the most practical methods of rendering the hot summer months more endurable, with the added merit (which does not always follow) of being at the same time exceedingly enjoyable, is the free use of carbonated beverages, familiarly known as bottled soda or soft drinks. Carbonated waters are pronounced on good authority to be very refreshing and exhilarating, useful in certain disordered conditions of the stomach and to relieve nausea. When flavored with pure, wholesome materials, sweetened with the best grade of sugar, and served cooled, or ice cold, as one's taste may prefer, they indeed form a delightful beverage. They are good all the year round, but are especially desirable during the summer, and owing to the fact that they will keep indefinitely until opened, and from their conveniently portable form, they are especially popular for vacation camps, especially where the water supply is deficient, or where its palatability or purity may be in doubt.

As in every other kind of product, there are various grades of bottled soda. Here are a few points claimed for the high-class product manufactured by the Henry-Brown Co. of Glendale: It is made from absolutely pure water, the water itself being a drink of more than ordinary virtue. Every possible sanitary device is used to insure that the finished product shall not become contaminated anywhere in the process of manufacture. The materials of which the sirups are made are of the finest obtainable. When the sirup is ready for use it passes through a sirup hose direct from the vats to the bottler. In this way there is no danger from dust, flies and germs, which is incurred when the sirup is carried through hose from open vats.

In selecting bottled soda, either for home or vacation use, it pays to insist upon getting a first-class, high-grade article. The men who are setting their ideals high in the manufacture of products designed for human consumption are deserving of popular appreciation and support, to say nothing of the increased health and vigor resulting from the use of such beverages.

JELLY STOCKS

By Frederic T. Bioletti and William V. Cruess, U. of C.

A jelly stock is simply the juice of boiled fruits containing the necessary pectin and acid. It differs from jelly in that it contains no added sugar and remains liquid. It can be kept for years and made into jelly at any time simply by boiling with sugar. It is prepared as follows:

1. Crush or slice the fruit into a pot and, except for very juicy fruits, add a small amount of water.
2. Boil until tender, usually from five to thirty minutes.
3. Press while hot in a cloth and strain through a jelly bag. Red currants, loganberries, and crab apples contain an excess of pectin and the pulp left in the bag may be reboiled for ten minutes with water of about half the volume of the juice. The reboiled pulp is pressed, strained, and both lots of juice mixed. The first juice contains most of the flavor and acid.
4. Test the jelling quality by boiling a small cup of the juice with an equal quantity of sugar. If it fails to jelly, boil it down more in a wide shallow pot.
5. Heat to 130 degrees F. and place in clean scalded bottles, filling to within 1½ inches of the mouth, and close with corks of good quality. The corks should be boiled or steamed for half an hour before using and should be tied down. The juice may also be poured hot (175 degrees F.) into cans or heated jars which are closed immediately.
6. The bottles are then laid on their sides in a pot or boiler of hot water (180 degrees F.) which is kept at this temperature for fifteen minutes. The cans and jars are stood upright in the boiler. A wire screen or wooden grating at the bottom is necessary to prevent breaking. After heating, the bottles or jars are removed and laid on their sides to cool.

Loganberries, apples, currants, cranberries, guavas, lemons and pomelos (grape fruit) give good results. Combinations of loganberries and strawberries, apples and apricots, etc., may be used, one fruit supplying the pectin, the other the flavor. The two juices may be blended immediately or kept separate until they are made into jelly.

To make jelly, the stock is well shaken and poured into a pot with an equal measure of sugar. The mixture is then boiled and poured into jelly glasses. This method defers the purchase of the sugar until the jelly is needed for consumption.

STUDY AERONAUTICS

(Continued from page 1)

thenics which form an important part of the work will be cared for by the regular staff of Technology in Physical Training, Frank M. Kanaly directing.

The young men are berthed in one of the students' drawing rooms in the educational buildings and shortly will be placed in the Walker Memorial, the all-Technology club house now approaching completion. They are fed in the Institute cafeteria, which is now caring for a thousand persons at each meal, under the direction of Mrs. Helen E. McLean. The spacious class rooms and laboratories are at the disposal of the naval aviators three weeks in nothing but military drill. Here the naval aviators differ, since they begin theoretical work immediately on entering the school.

There will be eight weeks of intensive study at the Institute and then the young men will be sent to some of the naval flying schools and after practice in the air at them will be ready for service as assistants in ators, including the famous wind tunnel six feet square in section and the supplementary balance. For boat practice, the situation of the Institute on the bank of the Charles River Basin, will afford an opportunity for practice on enclosed waters of some square miles area.

The Massachusetts Institute of Technology has already had in operation a cadet school for military aeronautics for a couple of months, and in the establishment of the present one for naval aeronauts has patterned along similar lines. The military men, however, spend the first airplanes of one kind or another.

The cadet school of Naval Aeronautics is the eleventh special school undertaken by the Institute since May to prepare its students and other students sent to it by the Government for work in relation to the war.

Mr. Mosher has been a student at the Engineering School of Throop University.

Health

Soda water should be made than a mere thirst-quencher. A PURE, carbonated beverage—by this we mean the combination of pure water, pure ingredients and pure carbonic gas—is really nutritious. The drinking of such soda is beneficial, both winter and summer. We pride ourselves on the purity of our products and commend them to your discriminating judgment.

SUNLAND

Mr. Howard Griffith was visiting friends in Sunland a few days this week.

Mrs. Ed. Thomas is at the Monte Vista Tavern helping her father, Mr. F. Carey, care for the many guests. This cool weather brings the crowds from the beach to the mountains.

Mr. Geo. Huse returned to Raymond Tuesday after a few days' visit with his family.

Mr. and Mrs. L. T. Rowley and daughters spent Sunday at Balboa Beach.

Miss Carrie Adams is ill at her home on Flower street.

Mrs. Alfred Blumfeld and children are at Hermosa Beach this week.

Mrs. Spencer of Hollywood is visiting her sister, Mrs. J. I. C. Spencer on Summit avenue.

Report from the secretary of the Chamber of Commerce that the right of way for the state highway is provided for up to Mr. Wm. Barnhard's place, and it is expected that work will soon begin. This is good news for Sunland, as everything has been at a standstill waiting for the result of the highway. The committee have surely done some good work in getting the right of way.

The ladies of the Red Cross of Tujunga came down to Sunland Park Friday with their lunch and spent the day helping the Sunland Red Cross Auxiliary do work for the soldiers. A very pleasant day was spent besides the work turned in. Mrs. McNab, chairman of the Sunland Red Cross, is giving her time and accomplishing good work for the society.

It will be necessary for the people of Sunland to wake up to the fact that unless the postoffice receives better patronage it will be discontinued. It seems it is easier to place the letters in the mail boxes than to walk a block to mail them, and this indifference on the part of a few may be the means of our losing the office. Let everybody get busy before it is too late.

Mrs. S. Garner and children are home from their vacation at the Beach.

Mrs. Orsen Early moved her things down from the Hansen ranch, preparatory to joining her husband in San Francisco, where she will enter the army as a trained nurse.

Miss Gladys Huse is home from Pasadena, where she has been spending the past six weeks.

Mr. Henry Arnold and mother returned from Long Beach. Mrs. Arnold says Sunland is the place to breathe.

LA CRESCENTA

The Campfire Girls spent a day at Brookside Park, guests of May Hirchi. Mr. Barker provided an ice cream treat and they all agree that it was the "best time ever."

The ice cream social held at the church last Friday netted a splendid sum. The classes in charge donated $2 of the receipts to the Red Cross to buy supplies for comfort bags.

The Federation of Foothill Valley clubs met last Monday at the school house to discuss ways and means of benefitting the neighboring communities by co-operation and combined support.

Miss Nell Miller will be a week-end guest of friends in Hollywood.

Mr. and Mrs. L. A. Potter have been entertaining Miss Edyth Potter of Imperial Valley.

Did you plant your spuds yet? This is the time. Do it now.

Why not go to church next Sunday? Mr. McConnell, our new pastor, will be glad to welcome you.

What have you done to help the Red Cross? We must help if our boys are to have proper attention and proper supplies. Come out on Tuesday and Thursday and help at the school house. An hour well spent for your boy, your neighbor's boy, someone's boy.

Ford Carpenter, the weather man of Los Angeles, spent Sunday with the Levys at their home on New York avenue.

Mrs. V. B. Claflin is spending a month at San Pedro.

Mrs. Helen Eaton is spending August at Avalon, Catalina Island.

The Campfire Girls will have a "Slumber Party" at Mrs. Miller's next Monday.

George Cummings, the moving picture actor, spent the week-end with Mr. and Mrs. Levy.

Mrs. Bruce's daughter, Mrs. Easton, is removing to Oakland for the benefit of her health.

The early peaches are about all gone, but there are plums, nectarines and late peaches yet to come. Get busy, you good housewives, fill every jar. Don't have any empty when fall arrives, and so help over the H. C. L. during the winter.

Mr. Howard Reynolds has left on his fall trip through the middle west. Will be back for Christmas.

Mrs. Curley, wife of the general attorney of the St. Paul Railroad, and daughter, have been guests of the Levys.

Our boys that were drawn went down to Glendale for their examination last Friday.

The two sons of Mr. Thomas Bonetto spent from Saturday to Thursday at Avalon.

Friends of Mr. Lewenstein will be pleased to hear that he is so far recovered as to anticipate a trip to Indio in the near future.

Mrs. Cary Groton has had for guests Mrs. O. Hanion of Chino, Mrs. Worsley and Mrs. Victor Schertsinger.

The Steele twins, who have been quite ill, are pronounced out of danger.

Mrs. Munroe, who has been ill for months, passed over last Saturday.

Next Tuesday a Fox reproduction of Ouida's greatest novel, "Under Two Flags," with Theda Bara as Cigarette. Without doubt this is the most masterly picturization of that internationally famous book. Bertie Cecil, heir to an English estate, shoulders the consequences of his brother's crime, disappears from his home and enlists in the French army in Algeria. There he meets Cigarette, daughter of the regiment, who falls in love with him. The girl risks her own life to save him in a sharp encounter with the Arabs. For her valor she is decorated with the Cross of the Legion of Honor. Bertie, remembering always Lady Venetia back in England, thinks of Cigarette merely as one of the members of the regiment. When Lady Venetia and her brother happen to come to the Algerian encampment, Cigarette learns who Bertie is. She begs him to return to his rightful estate and Venetia adds her entreaties. Bertie will not listen. An encounter between Bertie and his superior officer, Chateauroye, leads to court martial. Bertie is condemned to die. Cigarette rides across the desert to get a reprieve from the marshal of the troops. With this she rides back, braving the Arabs and beating a sandstorm, until she comes to the French encampment. She arrives as the firing squad is taking aim to execute the sentence of the court martial. Madly she rushes forward. The bullets intended for the man she loves are lodged in her own body and Cigarette, holding high the reprieve, falls to the ground, dead.

The "stubborn bull-head" of today may be held up as a model of stick-to-it-iveness and perseverance to-morrow.

More men would probably shave themselves, if there wasn't a lady manicurist at the barber shop.

CITY TRUSTEES.

Continued from Page 1)

Milk Inspector, was on motion of Trustee Muhleman, granted.

A communication was read from the City Manager recommending that certain changes be made in Ordinance Number 222 (Traffic Ordinance) so as to conform in a general way with the state law. On motion of Trustee Muhleman, the communication was referred to the City Attorney in conjunction with the City Manager.

A communication was read from the City Manager stating that Mr. P. D. Hall had been engaged by him in accordance with the instructions of the Board to audit the city books in every department for the period of two years from June 30, 1915, to June 30, 1917, for the sum of $500.

The Clerk presented the assessment for the opening and widening of Broadway, filed July 11th—the time for protests having expired. Only one protest had been received, that of Bertha C. Gecman protesting against "the opening and widening of Broadway." The City Attorney advised that there being no legal protests, it would be proper for the Board at this time to approve of the assessment. On motion of Trustee Woodberry, the assessment for the opening and widening of Broadway, filed on July 11th, 1917, was approved and affirmed.

On motion of Trustee Muhleman, "An Ordinance of the City of Glendale regulating the use of all that portion of Maryland Avenue within the City of Glendale lying north of the north line of Fifth street, also all that portion of Kenwood Street within the City of Glendale lying north of the north line of Colorado Street," was taken up for the first reading. On motion, this ordinance was declared read for the first time and was taken up for the second reading. On motion, this ordinance was declared read for the second time and was laid over till the next regular meeting for the third and final reading.

The Manager of the Public Service Department reported the laying of the six inch cast iron water pipe on East Broadway to Verdugo Road. He further reported that the Public Service Department is in need of two automobiles and requested authority to purchase the same. On motion of Trustee Muhleman, the City Clerk was instructed to advertise for a one ton truck and one Ford runabout for the use of the Public Service Department.

The City Attorney reported that in the case soon to come before the Superior Court involving the protection of the purity of the waters of Verdugo Canyon, that it will be necessary in order to strengthen the case of the city, to engage the services of two engineers, who shall investigate conditions and be able to give testimony as to certain points involved. Upon motion of Trustee Jackson, the City Attorney was authorized to use his discretion in securing such experts.
